

MÆLUM DÝRIN

Nemendur mæla með kubbum hversu löng dýrin eru

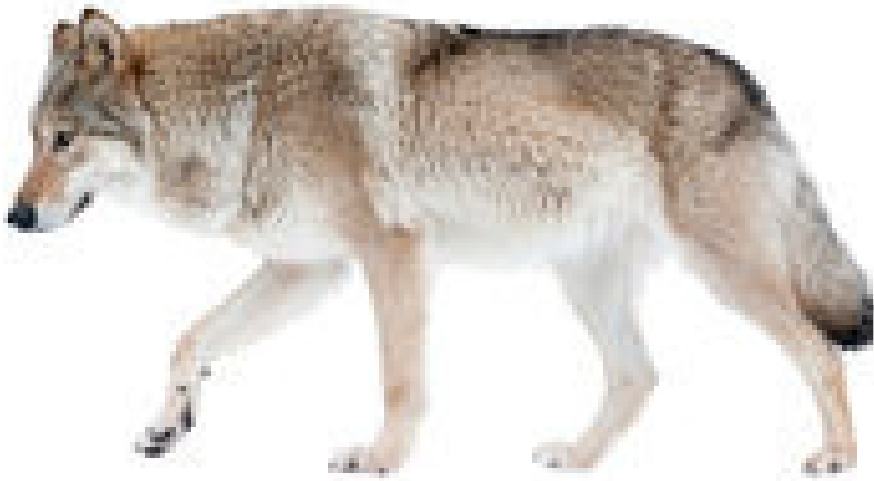

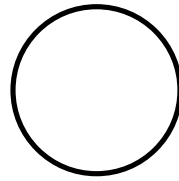

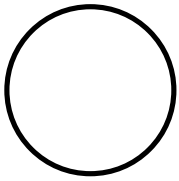

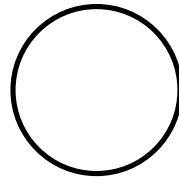

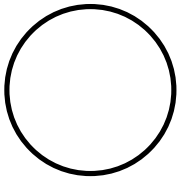

Hér er annaðhvort hægt að klippa út dýramyndirnar og mæla, eða mæla beint af blaðinu.

Það er einnig hægt að nota dýrin til að spila bingó, þar sem bingóstjóri dregur dýr, og sá sem er með dýrið á sínu spjaldi mælir dýrið og skrifar inn réttan fjölda kubba.
