

Verkefnahefti

Fjölbreytt bókstafa-verkefni

Fag: stafainnlögn - bókstafir

Aldur: leikskóli - 1. bekkur

stafaþekking - fínhræfingar - hljóðkerfisvitund - há- og lágstafir

Þetta verkefni hentar fyrir þau börn sem eru að æfa sig að þekkja bókstafina.

Fyrst lita þau bókstafinn, því næst lita þau alla hástafi í sama lit og alla lágstafi í sama lit. Eftir það lita þau myndirnar sem byrja á þessum tiltekna bókstaf. Það er bæði hægt að lita myndirnar eða lita allan kassann, þar sem myndirnar eru mjög litlar og því getur það reynst erfitt að lita myndirnar sjálfar.

Hvert verkefnablað er sjálfstætt, það er ekki þörf á því að vinna allar blaðsíðurnar í heftinu og það er ekki þörf á því að vinna blaðsíðurnar í stafrófsröð.

Heftið getur hentað vel í stafainnlögn og hægt er að prenta hvern staf eftir þörfum.

Þó getur verið skemmtilegt fyrir börnin að safna saman öllum bókstöfunum og búa til bók með því að hefta blöðin saman.
