

LESA - LITA - SKRIFA - SKREYTA - TENGJA

Verkefnablöð - allt stafrófið.

Gott er að grípa í verkefnablöðin t.d. í stafainnlögn. Börnin sjá bókstafinn í mismunandi aðstæðum og vinna með hann á fjölbreyttan hátt.

Kassarnir eru annaðhvort rauðir eða grænir eftir því hvort bókstafurinn er sér- eða samhljóði.
