

MÆLUM DÝRIN

Nemendur mæla með kubbum eða
málbandi hversu löng dýrin eru

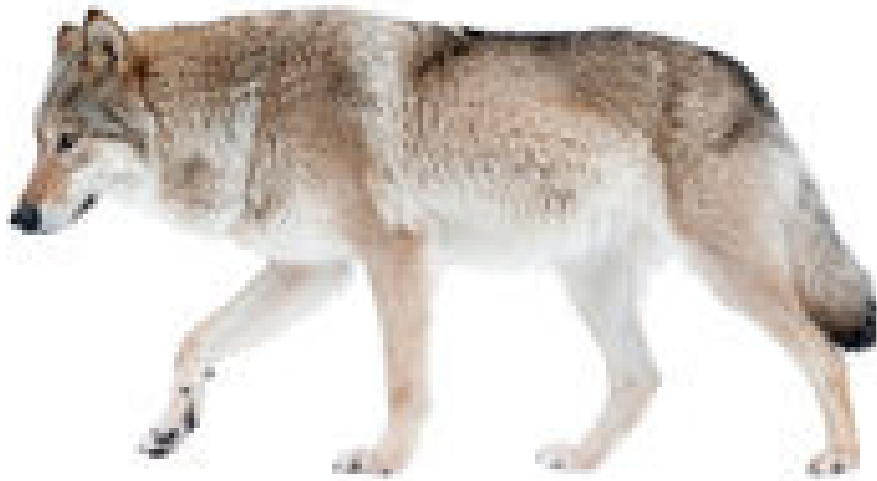

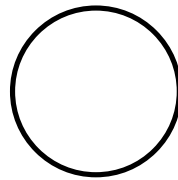

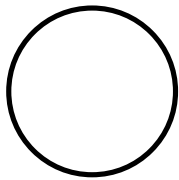

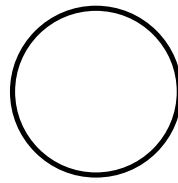

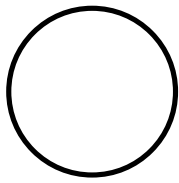

Hér er annaðhvort hægt að klippa
dýramyndirnar út og mæla,
eða mæla beint af blaðinu.

Það er einnig hægt að nota dýrin til að
spila bingó, þar sem bingóstjóri dregur
dýr, og sá sem er með dýrið á sínu spjaldi
mælir dýrið og skrifar inn réttan fjölda
kubba/sentimetra
