

Algengustu orðin

Allir fiskarnir eru settir í skál og allir þátttakendur fá fiskabúr.

Þátttakendur draga fisk, lesa orðið og geyma fiskinn í fiskabúrinu sínu.

Ef þeir draga hákarl þá þarf að skila öllum fiskunum aftur ofan í skálina.

Ólík þyngdarstig.

Fiskarnir eru í mörgum litum og fara litirnir eftir þyngdarstigi orðanna.

gulur og rauður: 1-2 bókstafir

grænn og blár: 3-4 bókstafir

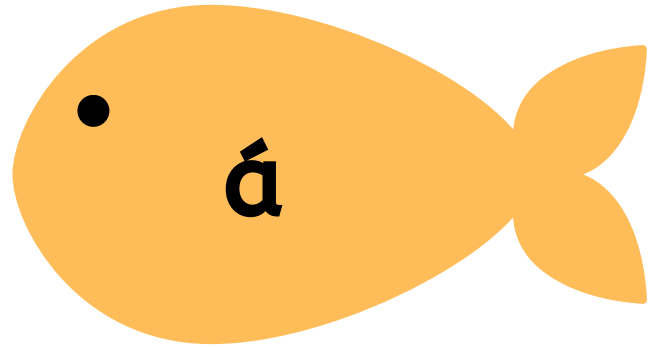

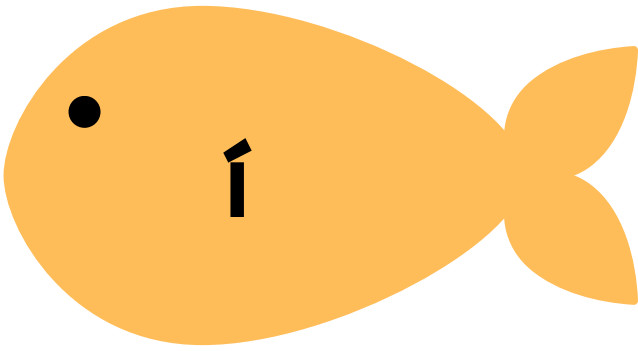

svartur: 5 bókstafir

hvítur: 6-8 bókstafir

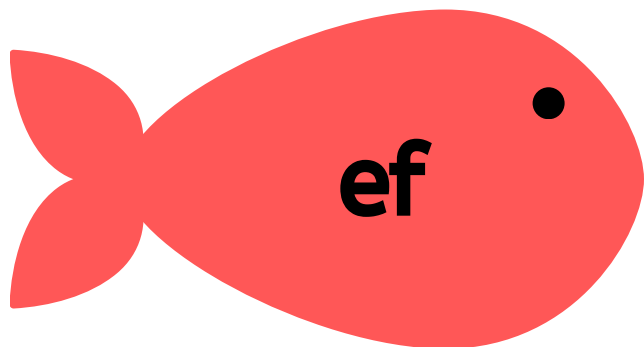

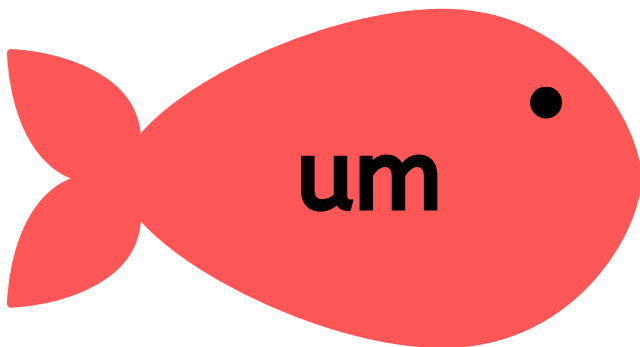

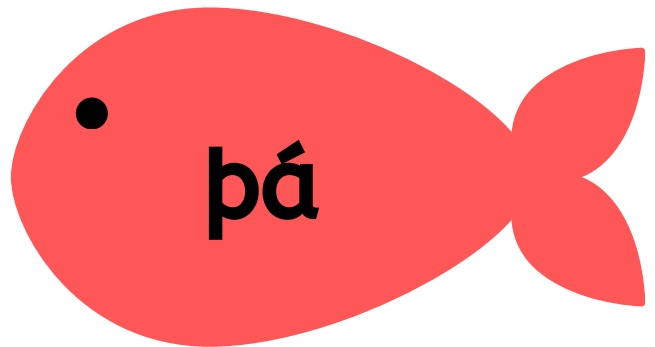

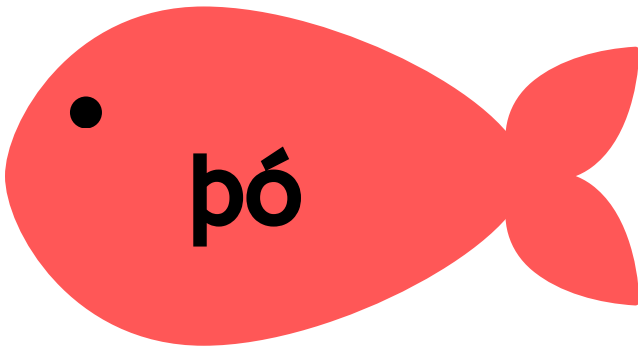

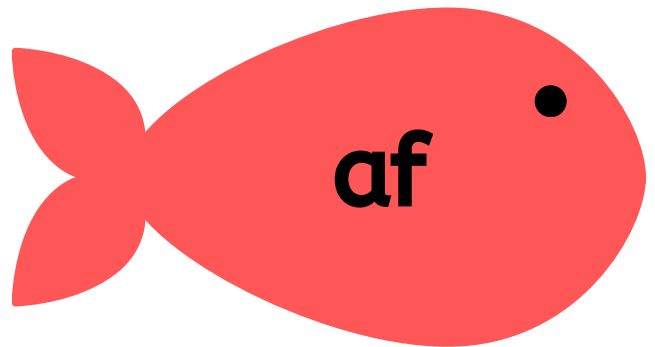

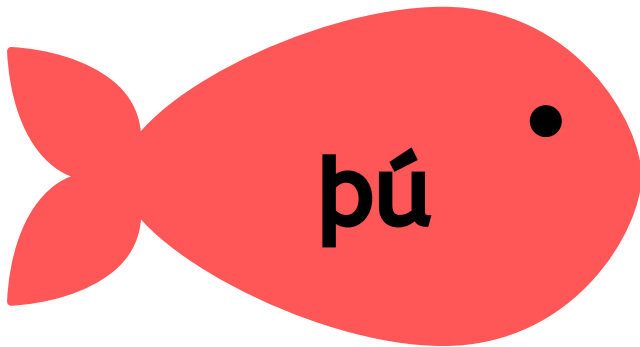

Hér er til dæmis hægt að skipta fiskunum niður eftir getu nemenda, þeir nemendur sem lesa stutt orð veiða þá gula, rauða og græna fiska. Nemendur sem eru komnir lengra í lestrarferlinu veiða bláa, svarta og hvíta fiska.

Það er einnig hægt að skrifa orðið eða finna setningu með orðinu ef við viljum þyngja spilið aðeins.
